Write us, besides this application, something about your family and your children which would concern your Au-Pair/Nanny, the rules in your house and everything you expect from a GOOD au-pair :

We would like our au-pair to be a part of our family. We hope to find someone mild mannered, docile, soft-spoken, delicate. Our au-pair must be clean, a non-smoker, and educated. Our au-pair must have enough energy to run after twins! Nicole speaks English, Italian, and Spanish fluently, so as long as the au-pair can speak one of those languages, we can communicate.

Stanley's work schedule is very consistent (Monday to Friday, 9am-5pm), but Nicole is an emergency room doctor and works four 9-hour shifts per week which vary greatly. For example, Nicole will work Monday 10p-7a, Wednesday 7a-4p, Thursday 3p-12a, and Friday 3p-12a. But the next week the hours will be completely different. It is important that the au-pair understands that she will be needed for various hours (including weekends), but no more than 40 hours per week. She will be guaranteed two full weekends per month off.

Nicole will be home for the first 3 months after giving birth. Hopefully, when she goes back to work, the babies will be sleeping through the night. Still, some help might be needed at night.

Stanley is 30 yo, was born in Ukraine, went to college at Stony Brook University in NY, and got his masters in business administration at Forham University . He works in downtown Manhattan. Stanley is very funny and always has something fun planned. He enjoys movies, making home-made wine, going out in Manhattan, seeing museums, skiing, and camping. Stan's mother and younger brother live 25 minutes away.

Nicole is 31 yo, is of Italian descent, was born in NY, went to college at New York University and got her medical degree from New York College of Osteopathic Medicine. Nicole's hobbies include photography, cooking, running, traveling and decorating. Nicole's father is a doctor and works in the office which is attached to our house. Nicole's parents live in Old Brookville, NY (25 min away) and they have a beautiful private pool.

The au-pair will have a freshly painted private room on the first floor with a flat screen television and a queen-size bed. Stan and Nicole will share the second floor with the twins. We have a car and can drive the au-pair to English classes or to friends. We live very close (4 minutes walking) to the train which goes directly into Manhattan. We have hundreds of TV channels and fast internet. The au-pair will have a wonderful experience both while working and during her time off.
